One who wants to get joy of book reading especially in very less time can go for it. About The Book Publius Cornelius Tacitus was born perhaps at Rome, shortly before the accession of the Emperor Nero in 54 A.D. He married the daughter of Agricola, famous in the history of Britain, and died probably about the time of Hadrian s accession to the empire, 117 A.D. He attained distinction as a pleader at the bar, and in public life; but his fame rests on his historical works. A man of strong prepossessions and prejudices, he allowed them to colour his narratives, and particularly his portraits; but he cannot be charged with dishonesty. The portraits themselves are singularly powerful; his narrative is picturesque, vivid, dramatic; but the condensed character of his style and the pregnancy of his phrases make his work occasionally obscure, and particularly difficult to render in translation. His Germania is a most valuable record of the early institutions of the Teutonic peoples. His Histories of the empire from Galba to Domitian are valuable as dealing with events of which he was an eye-witness. His Annals, covering practically the reigns from Tiberius to Nero, open only some forty years before his own birth. Of the original sixteen books, four are lost, and four are incomplete. The following epitome has been specially prepared from the Latin text. For more eBooks visit.
