Little, Brown Company, United States, 2015. Hardback. Book Condition: New. Ed Miller (illustrator). 232 x 167 mm. Language: English . Brand New Book. The story of Universal Pictures and Illumination Entertainment s Minions begins at the dawn of time. Starting as single-celled yellow organisms, Minions evolve through the ages, perpetually serving the most despicable of masters. Continuously unsuccessful at keeping these masters-from T. rex to Napoleon-the Minions find themselves without someone to serve and fall into a deep depression. But one Minion named Kevin has a plan, and he-alongside teenage rebel Stuart and lovable little Bob-ventures out into the world to find a new evil boss for his brethren to follow. The trio embarks upon a thrilling journey that ultimately leads them to their next potential master, Scarlet Overkill (Academy Award(r) winner Sandra Bullock), the world s first-ever female super-villain. They travel from frigid Antarctica to 1960s New York City, ending in mod London, where they must face their biggest challenge to date: saving all of Minionkind from annihilation. Featuring a soundtrack of hit music from the 60s that still permeates our culture today, Minions is produced by Illumination s Chris Meledandri and Janet Healy, and is directed by Pierre Coffin and Kyle Balda. Brian Lynch has written the screenplay for the 3D-CG comedy adventure, and Chris Renaud serves as executive producer of the film. A storybook inspired by the new feature film!.
