Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

They offer him the chance to make his fortune and change his destiny--if he doesn t mind slitting a few throats along the way. But when the pirates capture the beautiful Dewi Kadita, Ben risks his position--and possibly his life--to save her from his shipmates. A witch s curse is slowly eating away at Dewi s body, and if she doesn t find a cure soon it will consume her. Her final hope lies with the legendary mermaids of the sea, though neither she nor Ben have ever seen one. In order to find them, they ll have to risk more than just the fury of pirates. They ll have to risk the wrath of the sea and its mercurial goddess. Ben can only hope his story ends with a hero s death . but after all he s done, does he even deserve one?
