Brand New Book ***** Print on Demand *****.Excerpt from Political Frauds: Lawyer and Court Robbery This is made an alarming political scarecrow and farce, hypocritically, to humbug and deceive the people to get their votes, which is too contemptibly ridiculous a fraud on credulity for any reflecting consideration. This great country cant be run on a two and six pence misers parcimony might as well undertake to run the steamer City of New York on a hand cart trade. Free Traders clamor for an empty treasury and pretend that they want all there is in the United States Treasury paid out for the benefit of the people. How, they don t say, except to be sent to Europe in free trade, bankrupting the United States with cheap fabrics and no money. Possibly they may intend that their devotees should take the hint and devise some way of reaching this surplus to buy votes, demoralizing the people and corrupting the ballot-box for the election. Swindling, bribery, forgery and perjury ought to be treated without any equivocation as among the highest crimes deserving the severest penalties in any civil government. Any one who sells his vote, and those who buy votes, corrupting the ballot-box, ought to be put in states prison for life without reprieve. To thus poison the fountains of civil justice and sap the foundations of civil government by corruption to its overthrow, now being done in this country unblushingly, makes piracy under a black flag comparatively innocent and honorable, and threatens the downfall of any civil government.
