Steffi Coplan, whose Broadway2Broadway project brought out the hidden musical talents of kids at an inner city school. Eric Schwarz, who decided to do something about America s under-performing schools, and parlayed a single classroom mentoring project into the nationwide Citizens Schools movement. Chris Swan, who is training a new generation of citizen engineers to make sure that the projects they build aren t just structurally sound but also environmentally and socially sustainable. Dave Nelson, who traded his role as an executive at IBM for a job at a struggling nonprofit that teaches kids about the power of entrepreneurship--and discovered a host of new challenges and rewards in the process. Through these and many other remarkable stories, you ll learn how today s active citizens are transforming...
